

# MARCH 2025 BOM | PICK A COLOR, ANY COLOR

So let's step away from traditional stuff. I love the idea of a rectangle masquerading as a block and see a lot of amazing things coming to the March meeting! Find your scraps!!

Rules, using  $\frac{1}{4}$ " seams:

- Choose one color that predominates (90-95%); other colors within the fabrics should not stand out, so that the block reads as your chosen color.
- Choose fabrics within that color that vary in hue, tint, tone and shade.
- Feel free to follow your whims and use your available scraps how you choose; my template follows in the instructions
- When the block is completed you will have a  $8\frac{1}{2}$ " x  $16\frac{1}{2}$ " rectangle block...DO NOT TRIM!

## TO CUT:

### A:

1)  $3\frac{1}{2}$ " x  $4\frac{1}{2}$ " 2)  $1\frac{1}{2}$ " x  $4\frac{1}{2}$ " 3)  $4\frac{1}{2}$ " x  $4\frac{1}{2}$ "

### B:

4)  $2$ " x  $5\frac{1}{2}$ " 5)  $5$ " x  $5\frac{1}{2}$ "  
6)  $2\frac{1}{2}$ " x  $6\frac{1}{2}$ " 7)  $2\frac{1}{2}$ " x  $7\frac{1}{2}$ "

### C:

8)  $2\frac{1}{2}$ " x  $5\frac{1}{2}$ " 9)  $2\frac{1}{2}$ " x  $6\frac{1}{2}$ " 10)  $3\frac{1}{2}$ " x  $6\frac{1}{2}$ "

Seam allowance is included in these cut sizes.  
Lay out your cut pieces before sewing.

(Please pardon the odd cropped photo)

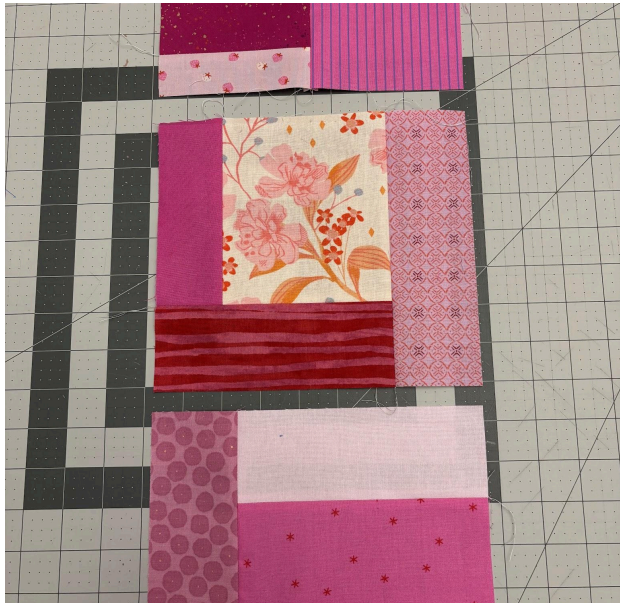

**Piece groups A, B and C separately;** note that you may swap them around if you wish...

**A:** piece 1 → 2, then 1/2 → 3

**B:** piece 4 → 5, then 4/5 → 6, then 4/5/6 → 7

**C:** piece 9 → 10, then 9/10 → 8

## MARCH 2025 BOM | PICK A COLOR, ANY COLOR

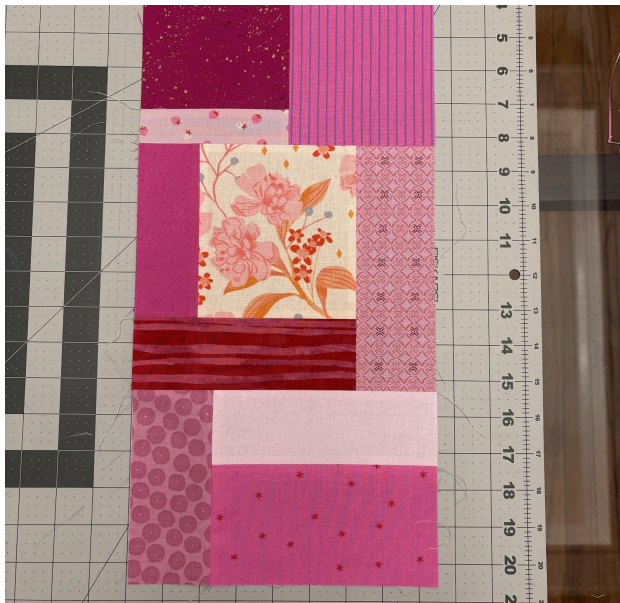

*(Again, weird cropped photo...)*

**Your A, B and C sections will look like this.**

You may wish to rearrange them, or not!  
Remember that they will be going into  
someone's quilt and they do NOT need to all  
be the same. The sections allow for you to do  
what you like!

Piece your sections together...

**VOILA!!**

**You will have an 8-1/2" x 16-1/2" rectangle  
block...Please let the winner do any  
trimming!**
